Subject:	RE: Webhook / Scan Push Integration Details - Badhee G		

Hi Neha,

Thank you for your response. Please find below the completed **B2C Scan Push / Webhook Requirement Details** as per the format. Additionally, we would also like to request activation of the **B2B (LTL) Webhook** on our account simultaneously.

PART 1 - B2C Webhook Requirement Details

1. Account Name

Dev / Test Account Name	BADHEEG6537B2B-b2b
Prod Account Name	BADHEEG6537B2B

2. Webhook API Details

API Endpoint	https://esykxyhbawwdifubbdng.supabase.co/functions/v1/delhivery-webhook	https://esykxyhbawwdifubbdng.supabase.co/functions/v1/delhivery-webhook
Header 1	Content-Type: application/json	Content-Type: application/json
Header 2 (apikey)	eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9.eyJpc3MiOiJzdXBhYmFzZSIsInJlZiI6ImVzeWt4eWhiYXd3ZGlmdWJiZG5nliwicm9sZSI6ImFub24iLCJpYXQiOiE3Njk3ODIzNzcsImV4cCI6ImJA4NTM1ODM3N30uN5Xg-KpTh3SFf5l0njY4uDhMq50_JtwuZtB8nwMtFJY	(Same as Dev)
Header 3 (Authorization)	Bearer eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9.eyJpc3MiOiJzdXBhYmFzZSIsInJlZiI6ImVzeWt4eWhiYXd3ZGlmdWJiZG5nliwicm9sZSI6ImFub24iLCJpYXQiOiE3Njk3ODIzNzcsImV4cCI6ImJA4NTM1ODM3N30uN5Xg-KpTh3SFf5l0njY4uDhMq50_JtwuZtB8nwMtFJY	(Same as Dev)
Allowed Method	POST only	POST only

3. API Response Time (P99)

P99 Response Time	< 50 ms
Implementation Note	Our server returns 200 OK immediately on receipt and processes all database operations asynchronously in the background. Zero risk of timeout.

4. Payload Details

Default Payload	YES - We accept your standard default payload
-----------------	---

Custom Payload	No
Webhook API Response	200 OK → { "success": true, "message": "Received" }

5. IP Whitelisting

Whitelisting Required	No
Reason	Our endpoint is hosted on Supabase Edge (global CDN). It accepts requests from all Delhivery Dev & Prod IPs without any whitelisting.

6. Required Shipment Scans

All Scans Required	YES - All statuses required
Statuses Needed	Manifested, Picked Up, In Transit, Out for Delivery, Delivered, RTO, RTO In Transit, Cancelled, Lost, Delayed

PART 2 - B2B (LTL) Webhook - Additional Request

We are integrated with the **Delhivery B2B LTL API** (ltl-clients-api.delhivery.com) for partner shipments under account **BADHEEG6537B2B**. We request Scan Push to be enabled for B2B shipments on the **same endpoint** listed in Part 1 above.

B2B Account	BADHEEG6537B2B
B2B Webhook Endpoint	https://esykxyhbawwdifubbdng.supabase.co/functions/v1/delhivery-webhook
Headers	Same as B2C (listed in Part 1 above)
Scans Required	All — Full lifecycle tracking required

PART 3 - Tech Escalation Matrix

Level	Contact Name	Email ID	Phone Number
L1	Tech Support	support@badheeg.com	_____
L2	Development Lead	badheeg6@gmail.com	_____
L3	CTO / Founder	_____	_____

Please let us know if any further information is required. We are ready for testing at your earliest convenience.

Best regards,
Badhee G Team
